Text MyGov – discussion, extending proposal through July. Trustee Hackett asked if it would be a public service? Mayor explained it would be directed to residents that need to be informed. Trustee Zink, I have concerns about the expense following a tax increase. I anticipate if the vote is taken at this meeting or next meeting, I will vote no, I want to be financially cautious. Trustee Buono I don't think we need it, don't take anything personal. We have people in the office, people with cell phones, we Facebook pages, people can come to meetings, our cell phones are out there, we don't need to do this expense. Paula stated the number of phone calls that come into the office every day. Mayor's concern is that it won't limit the phone calls, the money would be wasted if it's not used. Can there be a demo of program? Trustee Parisian did some research on Text MyGov, reviewed the municipalities that have joined, the \$4K or \$5K would go into the budget doesn't go away, we need to look at reducing our expenses at this time. The expense was a concern across the board with other municipalities.

Paul Kerbert – Treasurer as of today we received \$1,970,051.00 in taxes, leaves roughly \$573,000.00 left to collect, today was the last day without penalties.
